

LIFT AND LIGHTEN

OUTSMART DARK CIRCLES

AnteAGE® Eye is a powerful, yet gentle solution designed to target the signs of aging in the delicate eye area. This silky, rapidly penetrating formula will help to improve the appearance of **lines, wrinkles, puffiness, and all three colors of under-eye darkness.**

This formula is flooded with

- **potent antioxidants** to defend the eye tissue from free radicals, reduce permeability of blood vessels and help eye hooding
- **peptides** that firm and tighten the skin, including **Synthetic Snake Venom** to relax nerves
- **a retinol-analog** to stimulate collagen
- **brightening agents** to soften hyperpigmentation
- **skin barrier lipids** to support tissue integrity + deeply hydrate while minimizing crepiness
- **caffeine** to reduce puffiness

Plus our regular starring cast of **bone marrow stem cell growth factors, niacinamide, bakuchiol and smart vitamin C.**

Accentuate post-procedural healing with **AnteAGE® Eye.**
