

ANTI-AGING | STEM CELL BASED  
**Complete Skincare System**

**Two Steps  
Twice Daily  
Results You Can See**

AnteAGE MD®  
Stem|GF & Cytokines

## Stem Cell Skincare

AnteAGE MD® uses the latest breakthroughs in stem cell science to effectively recharge your skin's natural healing response.

Stem cells give off a portfolio of proteins, including growth factors and cytokines, captured in a laboratory culture and specially formulated to prevent signs of aging at the cellular level.

## Reverse Aging

Specialized stem cells travel from our bone marrow to oversee the process of skin healing. As we age, our stem cells are depleted. The result is inflammation, redness, spots, wrinkles, and other signs of age.

The AnteAGE MD® two step system rejuvenates skin by replacing the natural stem cell messaging proteins (growth factors) that are lost with age. With daily use, common signs of aging such as sagging, discoloration, lines, wrinkles, and pore size are drastically improved.

Clinical tests demonstrate significant improvements in skin radiance, texture, and tone with daily use of the AnteAGE MD® System

## After 30 Days

CLARITY

## 2 Steps. 18 Ingredients. Powerful Results.

### ANTEAGE MD® SERUM

A fast absorbing aqueous formula containing high concentrations of Stem Cytokines and fortified with two recombinant Growth Factors

HUMAN STEM CELL GROWTH  
FACTORS & CYTOKINES

NIACINAMIDE (VITAMIN B)

CARNOSINE

PEPTIDES

CERAMIDES

IGF-1

TGFB3

SALICYLIC ACID

### ANTEAGE MD® ACCELERATOR

Powerful moisturizers and twelve revitalizing actives deeply hydrate and nourish the skin, enhancing the pro-healing and anti-inflammatory effect of the AnteAGE MD® Serum

HUMAN STEM CELL GROWTH  
FACTORS & CYTOKINES

HYALURONIC ACID

ALPHA LIPOIC ACID (ALA)

BAKUCHIOL

HUMAN BETA-DEFENSIN 3

IRIS ISOFLAVONES

VITAMIN C

VITAMIN E

COQ10

GRAPE SEED EXTRACT
