

# AnteAGE MD® for Optimal Skin Healing and Rejuvenation

## WELCOME TO THE FUTURE OF SKINCARE

### ENERGY TREATMENTS + ANTEAGE®

When you combine energy treatments with the next generation skincare technologies of AnteAGE MD®, you are delivering the most effective skin rejuvenation solution to your patients for a youthful, healthy glow.

Scientists have discovered that a specific population of cells direct natural skin repair: **bone marrow mesenchymal stem cells**. The scientists at AnteAGE® have decoded the anti-inflammatory biosignal language of these stem cells, culturing them in the lab and extracting the growth factors and cytokines for use in powerful and targeted anti-aging skin treatments.

For microneedling, hair regrowth, vaginal rejuvenation, skin brightening, and general anti-aging - AnteAGE® delivers the precise biosignals needed for natural, effective healing and repair.

## ANTEAGE® + RADIO FREQUENCY

### A POWERFUL BOOST TO AGING SKIN

Take your RF treatments to the next level with the AnteAGE MD® Growth Factor Solution. The introduction of the AnteAGE MD® Growth Factor Solution immediately post treatment expedites healing and cuts down on recovery time resulting in an overall better patient experience.

**AnteAGE MD® Stem Cell Aftercare Kit** contains four products- AnteAGE MD® Growth Factor Solution (2ml), AnteAGE® Cleanser (5ml), AnteAGE MD® Serum (5ml), and AnteAGE MD® Accelerator (5ml).

This kit is a favorite with practitioners and is shown to reduce redness and enhance the recovery process immediately following RF treatments.

## ADDING GROWTH FACTORS TO LASER TREATMENTS

**AnteAGE MD® SERUM** is recommended to prep the skin a week or two prior to laser treatments. Follow with AnteAGE MD® Growth Factor Solution and AnteAGE MD® Stem Biogel. The addition of these products will lessen recovery time, allowing patients to return to work and normal activities much more quickly.

**AnteAGE MD® STEM BIOGEL** is the perfect post-procedure topical adjuvant following laser, microneedling, abrasive, and other ablative or collagen inducing medical aesthetic treatments. AnteAGE MD® Stem Biogel is a petroleum free, vegetable derived occlusive. Infused with three main healing properties - hydrogen orthoborate, tocopheryl acetate (vitamin e), and TGF-β3 to move wounds and burns towards rapid healing.

## ANTEAGE MD® DAILY SKINCARE PROTOCOL

### ANTEAGE MD® SERUM.

Apply 2-3 pumps of this fast absorbing formula containing high concentrations of Stem Cytokines and other powerful skin rejuvenating actives to your face and neck, massaging in until absorbed.

### ANTEAGE MD® ACCELERATOR.

Rich in moisturizers and revitalizing actives, Accelerator seals off your AnteAGE® skincare regimen by locking in nutrients and gently increasing skin renewal at the cellular level

Repeat morning and night to maximize the rejuvenating effects and reveal more youthful skin.

Use daily sun protection with SPF 30+ and avoid unnecessary exposure to direct sun.
