

AnteAGE MD®
Growth Factors & Cytokines

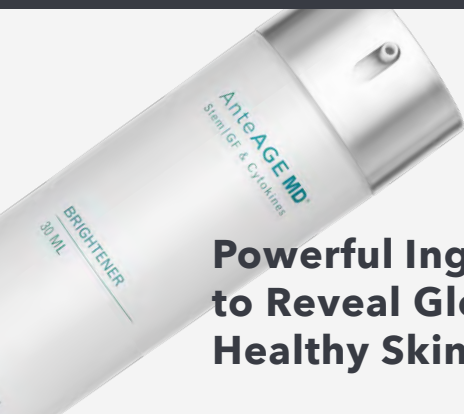

BRIGHT, EVEN
SKIN TONE

ANTEAGE MD® STEM CELL
BRIGHTENER

RESULTS

AFTER SIX WEEKS:

Powerful Ingredients to Reveal Glowing, Healthy Skin.

This unique daily Brightener smooths uneven skin tone and encourages a naturally brighter complexion on small or large areas of the skin. It can easily be incorporated into your existing skincare routine.

Tranexamic acid, engineered peptides, and growth factors combine to fade discoloration without drying or irritation- revealing balanced and radiant skin.

Our daily Brightener can be used on all skin types and targets uneven pigment caused by hyperpigmentation, melasma, age spots and sun damage.
